3. Section 160.1 (j) defining "Regulations" is deleted and a new § 160.1 (j) is inserted in lieu thereof to read:	
(j) "Cooperative agreement": A written agreement between the Department and any person specifying the conditions under which special inspection personnel may be designated and procedures established, not otherwise available under existing inspection programs, in order to make possible a continuous, day-by-day inspection of naval stores for such person, or to provide facilities for carrying out experimental studies on authentic naval stores related to the inspection and marketing thereof.	
4. Section 160.3 is amended to read:	
§ 160.3 <i>Rosin defined.</i> Except as provided in § 160.15, rosin is the vitreous, well-strained, transparent, solid resin which (a) remains after the volatile terpene oils are distilled from (1) the oleoresin collected from living trees or (2) the oleoresin extracted from wood; or (b) remains after distillation of the fatty acids from tall oil recovered from wood in the course of its chemical disintegration to produce cellulose. In addition to the free resin acids, rosin may contain relatively small proportions of fatty acids, resin esters and other esters, unsaponifiable resenes, and non-resinous foreign matter naturally occurring therein.	
5. Section 160.4 is redesignated as § 160.12 and amended to read:	
§ 160.12 <i>Standard designations for rosin.</i> (a) Rosin within the meaning of the act and the provisions in this part shall be designated as "gum rosin", "wood rosin", or "tall oil rosin", as the case may be.	
(b) The designation "gum rosin" shall refer to the kind of rosin remaining after the distillation of gum spirits of turpentine from the oleoresin (gum) obtained from living pine trees.	
(c) The designation "wood rosin" shall refer to the kind of rosin recovered after the distillation of the volatile oil from the oleoresin within or extracted from pine wood by any suitable process, followed by any necessary further refinement.	
(d) The designation "tall oil rosin" shall refer to the kind of rosin remaining	

after the removal of the fatty acids from tall oil by fractional distillation, and having the characteristic form and appearance and other physical and chemical properties normal for other kinds of rosin.

6. The center heading "Definitions" preceding § 160.1 is deleted and the center heading "General" is substituted therefor; and the center heading "Administration" preceding § 160.6, the center heading "Standards For Spirits of Turpentine" preceding § 160.7, and the center heading "Standards and Grades For Rosin" preceding § 160.13 are deleted.

12. Section 160.31 is redesignated as § 160.30 and amended to read:

§ 160.30 *Contents of containers to be designated.* Prior to inspection at the request of the producer, containers of naval stores, other than tank cars, shall have marked thereon a designation by such producer of the kind or identity of the product in accordance with the standard of identity provided therefor by or under the act.

13. Sections 160.32 and 160.33 are deleted and a new § 160.31 is inserted to read:

1952 CROP

Pursuant to the provisions of section 301 (c) (1) of the Sugar Act of 1948 (herein referred to as "act"), after investigation, and consideration of the evidence obtained at the public hearing held in Berkeley, California, on October 25, 1951, the following determination is hereby issued:

1952 crop of sugar beets in California, southwestern Arizona, and southern Oregon—(a) *Wage requirements.* The requirements of section 301 (c) (1) of the act shall be deemed to have been met with respect to the production, cultivation, or harvesting of the 1952 crop of sugar beets in California, southwestern Arizona, and southern Oregon if the producer complies with the following:

(1) *Wage rates.* All persons employed on the farm, or part of the farm covered by a separate labor agreement, shall have been paid in full for all such work and shall have been paid wages in cash therefore at rates as agreed upon between the producer and the laborer but, after the beginning of work on the 1952 crop of sugar beets or the date of issuance of this determination, whichever is later, not less than the following.

(i) *For work performed on a time basis.* (a) Thinning, hoeing, or weeding: 65 cents per hour.

(b) Pulling, topping, or loading: 70 cents per hour.

(c) For workers certified by the local County Production and Marketing Administration Committee as being handicapped because of age or physical or mental deficiency, and for workers between 14 and 16 years of age, the above rates may be reduced by not more than one-third. Maximum employment per day for workers between 14 and 16 years of age, without deduction from Sugar Act payments to the producer, is 8 hours.

(d) For any work in the production, cultivation, or harvesting of sugar beets for which a rate is not specified herein, such as fertilizing, plowing, preparing seed bed, irrigating, or work in connection with mechanical harvesting, the rate shall be as agreed upon between the producer and laborer.

(ii) *For work performed on a piecework basis.* If work is performed on a piecework basis the rate shall be as agreed upon between the producer and the laborer: *Provided,* That for the operations of thinning, hoeing, weeding, pulling, topping, or loading, the average hourly rate of earnings for each worker for the time involved on each separate unit of work for which a piecework rate is agreed upon shall be not less than the applicable hourly rate provided under subdivision (i), (a), (b) and (c) of this subparagraph.

(b) *Perquisites.* In addition to the foregoing, the producer shall furnish to the laborer, without charge, the perquisites customarily furnished by him, such as a house, garden plot, and similar items.

(c) *Subterfuge.* The producer shall not reduce the wage rates to laborers below those determined herein through any subterfuge or device whatsoever.

(d) *Claim for unpaid wages.* Any person who believes he has not been paid in accordance with this determination may file a wage claim with the local County Production and Marketing Administration Committee against the producer on whose farm the work was performed. Such claim must be filed within two years from the date the work with respect to which the claim is made was performed. Detailed information and

wage claim forms are available at the office of the local County PMA Committee. Upon receipt of a wage claim the PMA Committee shall thereupon notify the producer against whom the claim is made concerning the representation made by the laborer, and, after making such investigation as it deems necessary, notify the producer and laborer in writing of its recommendation for settlement of the claim. If either party is not satisfied with the recommended settlement an appeal may be made to the State PMA Committee of the State in which is located the farm where the work was performed. The address of the State PMA Committee will be furnished by the office of the local County PMA Committee. Upon receipt of the appeal the State PMA Committee shall likewise consider the facts and notify the producer and laborer in writing of its recommendation for settlement of the claim. If the recommendation of the State PMA Committee is not acceptable, either party may file an appeal with the Director of the Sugar Branch, Production and Marketing Administration, U. S. Department of Agriculture, Washington 25, D. C. All such appeals shall be filed within 15 days after receipt of the recommended settlement of the respective committee, otherwise such recommended settlements will be applied in making payments under the act. If a claim is appealed to the Director of the Sugar Branch, his decision shall be binding on all parties insofar as payments under the act are concerned.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination provides fair and reasonable wage rates which a producer must pay, as a minimum for work performed by persons employed in the production, cultivation, or harvesting of the 1952 crop of sugar beets in California, southwestern Arizona, and southern Oregon, as one of the conditions for payment under the act.

(b) *Requirements of the act and standards employed.* In determining fair and reasonable wage rates, it is required under the act that a public hearing be held, that investigations be made, and that consideration be given to (1) the standards formerly established by the Secretary of Agriculture under the Agricultural Adjustment Act, as amended, and (2) the differences in conditions among various sugar producing areas.

A public hearing was held in Berkeley, California, October 25, 1951, at which interested persons presented testimony with respect to fair and reasonable wage rates for the 1952 crop of sugar beets in California, southwestern Arizona, and southern Oregon. In addition, investigations have been made of the conditions affecting such wage rates. In this determination consideration has been given to testimony presented at the hearing and to information resulting from investigations. The primary factors which have been considered are (1) prices of sugar and by-products; (2) income from sugar beets; (3) cost of production; (4) cost of living; and (5) relationship of labor cost to total costs.

Other economic influences also have been considered.

(c) *1952 wage determination.* This wage determination continues the provisions of the 1951 determination, as amended. That determination increased minimum wage rates five cents per hour.

The provisions of the 1952 wage determination continue to recognize the wide variations in field and soil conditions as well as differences in methods of planting, cultivating and harvesting sugar beets by providing that piecework rates for contract labor operations shall be as agreed upon between the producer and the laborer. However, basic hourly rates in the determination serve as a minimum earnings level for workers employed on a piecework basis.

Prevailing wage rates of time-basis employees in 1951 exceeded minimum rates in almost every part of the region but there was considerable variation among localities. Earnings of workers employed on a piecework basis on the average were higher per hour than those of time-basis employees.

Analysis of the standards generally employed in wage determinations in the light of conditions likely to prevail during the 1952 crop indicates that the minimum rates provided in the 1952 wage determination are fair and reasonable.

Accordingly, I hereby find and conclude that the foregoing wage determination will effectuate the wage provisions of the Sugar Act of 1948.

Subchapter I—Determination of Prices [Sugar Determination 878.4]

PART 878—SUGARCANE; VIRGIN ISLANDS 1952 CROP

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948 (herein referred to as "act"), after investigation, and due consideration of the evidence obtained at the public hearing held in Christiansted, St. Croix, Virgin Islands, on September 24, 1951, the following determination is hereby issued:

§ 878.4 *Fair and reasonable prices for the 1952 crop of Virgin Islands sugarcane.* A processor-producer of sugarcane in the Virgin Islands who applies for payment under the act shall be deemed to have complied with the provisions of section 301 (c) (2) of the act with respect to the 1952 crop, if the requirements of this determination are met.

(a) *Definitions.* For the purpose of this determination, the term:

(1) "Raw sugar" means 96° raw sugar.
(2) "Settlement period" means the period in which sugarcane is delivered by the producer to the processor-producer. Such period shall be two weeks and shall

extend from Monday of the first week through Sunday of the following week.

(3) "Average price of raw sugar" means the simple average of the daily spot quotations of raw sugar of the New York Coffee and Sugar Exchange (domestic contract), adjusted to a duty paid basis by adding to each daily quotation the United States duty prevailing on Cuban raw sugar on that day, for the period on which settlement is based, except that, if the Director of the Sugar Branch determines that for any such period such average price does not reflect the true market value of raw sugar because of inadequate volume or other factors, the Director may designate the average price to be effective under this determination. Average prices of raw sugar for successive settlement periods shall be computed from Monday of the first week grinding commences.

(4) "F. o. b. mill price" means the average price of raw sugar minus selling and delivery expenses (converted to a pound unit) actually incurred by the processor-producer in the marketing of raw sugar (other than bags or storage in company warehouses).

(5) "Yield of raw sugar" means the yield of raw sugar per 100 pounds of sugarcane determined for each settlement period in accordance with the following formula:

$$R = (S - 0.3B)F$$

where:

R=Recoverable sugar yield, 96° polarization.

S=Polarization of the crusher juice obtained from the sugarcane of each producer.

B=Brix of the crusher juice obtained from the sugarcane of each producer.

F=Factor obtained from the fraction whose numerator is the average yield of sugar 96° polarization obtained from the aggregate grinding during each settlement period in which the sugarcane of the producer has been ground, and whose denominator is the average polarization of the crusher juice minus three-tenths of the brix of the crusher juice, both components of the denominator being obtained from the aggregate grinding during the settlement period in which the sugarcane of the producer has been ground.

(b) *Basic payment.* (1) The basic payment for sugarcane delivered by a producer to the processor-producer during a settlement period shall be not less than the money value of that portion of the raw sugar determined by applying the following applicable percentage to the yield of raw sugar from the producer's sugarcane (such portion is herein referred to as "producer's share"):

Yield of raw sugar per 100 pounds of sugarcane ¹ (pounds):	Percentage
6.0-----	59.0
7.0-----	60.0
8.0-----	61.0
9.0-----	62.0
10.0-----	63.0
11.0-----	64.0
12.0-----	65.0

¹ Intermediate points within the scale are to be calculated to the nearest one-tenth point. Points below 6 pounds or above 12 pounds of raw sugar are to be in proportion to the immediately preceding interval.

(2) The processor-producer shall pay, or contract to pay, the producer for sugarcane delivered during a settlement period the money value of the producer's share of raw sugar determined in the following manner:

(i) For the producer's share of raw sugar which is within the statutory quota for the Virgin Islands during the period from the commencement of grinding until the termination of grinding of all 1952 crop Virgin Islands sugarcane, the average price of raw sugar for the settlement period, converted to the f. o. b. mill price.

(ii) For the producer's share of raw sugar which is within an increase in the statutory quota for the Virgin Islands occurring after the termination of grinding of all 1952 crop Virgin Islands sugarcane, the average price of raw sugar for the marketing days within the thirty-day period (commencing with the first marketing day) immediately following the effective date of the order permitting the marketing of such raw sugar, converted to the f. o. b. mill price.

(iii) For the producer's share of raw sugar which is not within the statutory quota for the Virgin Islands in the calendar year 1952, the average price of raw sugar for the period January 1, 1953, through January 31, 1953, converted to the f. o. b. mill price, and further by deducting storage, handling costs, insurance, personal property taxes levied on raw sugar, and other related costs actually incurred on such raw sugar for the period January 1, 1953, through January 31, 1953.

(iv) For the purpose of subdivisions (i) and (iii) of this subparagraph the portion of the producer's share of raw sugar within and not within the statutory quota for the Virgin Islands shall be calculated for each settlement period, subject to adjustment after final data are available. Such portions shall be determined by applying to the producer's share of raw sugar produced from his sugarcane during the settlement period the percentages obtained by dividing the quantities of raw sugar within and not within, respectively, the statutory quota for the Virgin Islands by the total quantity of raw sugar produced by the processor-producer. For the purpose of subdivision (ii) of this subparagraph, the portion of the producer's share of such raw sugar within an increase in the statutory quota for the Virgin Islands occurring after the termination of grinding of all 1952 crop Virgin Islands sugarcane shall be determined by applying to the producer's share of raw sugar produced from his sugarcane for the 1952 crop the percentage obtained by dividing the quantity of raw sugar within an increase in the statutory quota for the Virgin Islands by the total quantity of raw sugar produced by the processor-producer.

(c) *Molasses payment.* The processor-producer shall pay the producer for each 100 pounds of sugarcane delivered an amount computed by applying the following applicable percentage to the net proceeds derived from the sale of blackstrap molasses produced per 100 pounds of sugarcane for the 1952 crop:

Yield of raw sugar per 100 pounds of sugarcane ¹ (pounds):	Percentage
6.0-----	88.0
7.0-----	89.0
8.0-----	94.0
9.0-----	98.0
10.0-----	102.0
11.0-----	106.0
12.0-----	110.0

¹ Intermediate points within the scale are to be calculated to the nearest one-tenth point. Points below 6 pounds or above 12 pounds of raw sugar are to be in proportion to the immediately preceding interval.

(d) *General.* (1) The processor-producer shall submit in duplicate to the Caribbean Area Office of the Production and Marketing Administration, San Juan, Puerto Rico, a certified statement of the actual deductions made in determining the f. o. b. mill value of sugar and molasses.

(2) The processor-producer shall not reduce returns to the producer below those determined herein through any subterfuge or device whatsoever.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination provides fair and reasonable prices to be paid by a processor-producer (i. e. a producer who is directly or indirectly a processor of sugarcane—hereinafter referred to as "processor") for sugarcane of the 1952 crop purchased from other producers. It prescribes the minimum requirements with respect to prices for sugarcane which must be met as one of the conditions for payment under the act.

(b) *Requirements of the act.* In determining fair and reasonable prices, the act requires that a public hearing be held and investigations be made. Accordingly, on September 24, 1951, a public hearing was held in Christiansted, St. Croix, Virgin Islands, at which time interested parties presented testimony with respect to fair and reasonable prices for the 1952 crop of sugarcane. In addition, investigations have been made of conditions relating to the sugar industry in the Virgin Islands. In this price determination, consideration has been given to testimony presented at the hearing and to information resulting from investigations.

(c) *1952 price determination.* The 1952 price determination continues the terms and provisions of the 1951 determination.

An examination of conditions within the sugar industry in the Virgin Islands indicates that the standards customarily considered in price determinations cannot be applied in the usual manner. The Virgin Islands Corporation, operated under the direction of the Department of Interior, is both the largest producer of sugarcane and the only purchaser of sugarcane in the Islands. This project was developed and has been continued primarily to provide employment to the people of the Islands. Financial results of the Corporation with respect to sugar processing operations have been generally unfavorable, due in large part to the small volume and the low quality of the sugarcane milled. Annual losses on sugar operations have been very significant except for the unusually large crop

harvested in 1950. The Corporation, however, is continuing its efforts to reduce losses on future crops through improvements in agricultural and milling operations.

At the hearing, a representative of the producers recommended the adoption of a scale for sugar settlement which would return to producers for each 100 pounds of sugarcane ground, an additional pound of sugar above the quantity specified under the present scale. A representative of the Virgin Islands Corporation recommended that provisions of the 1951 price determination be continued for the 1952 crop. Financial data were presented to support the contention that it would be economically unfeasible for the Corporation to pay for sugarcane in accordance with the scale recommended by the producers. The witness stated his opinion that producers could improve their position materially by adopting modern methods of cultivation and through wider use of chemical weed killers and fertilizer.

It is recognized that independent producers are subject to the hazards to agricultural production prevalent in the Virgin Islands and associated with insufficient rainfall, the poor moisture-retention quality of the soil, and low sugarcane yields. It is further recognized that the present basis for sharing the proceeds from raw sugar and molasses may not result in individually profitable operations for all producers. However, the sharing relationship specified in this determination provides returns to producers which compare favorably with those obtained by sugarcane producers in other offshore domestic areas. In view of the factors mentioned above, it is deemed fair and reasonable to continue for the 1952 crop the terms of the 1951 price determination.

Accordingly, I hereby find and conclude that the foregoing price determination will effectuate the price provisions of the Sugar Act of 1948.

2. It is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until thirty days after publication hereof in the FEDERAL REGISTER (5 U. S. C. 1001 et seq.) in that (i) shipments of the 1951 crop of Irish potatoes grown in the production area will have begun, (ii) more orderly marketing in the public interest than would otherwise prevail will be promoted by limiting the shipment of potatoes, in the manner set forth below, on and after the effective date hereinafter provided, (iii) compliance with this section will not require any preparation on the part of handlers which cannot be completed by such effective date, (iv) a reasonable time is permitted, under the circumstances, for such preparation, and (v) information regarding the committee's recommendation has been made available to producers and handlers in the production area.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Civil Air Regs., Amdt. 25-2]

PART 25—PARACHUTE RIGGER CERTIFICATES

EXCHANGE OF EXPIRED PARACHUTE TECHNICIAN CERTIFICATES

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 3d day of January 1952.

Part 25 of the Civil Air Regulations presently provides that all parachute technician certificates and special ratings issued prior to September 5, 1950, must have been exchanged for new certificates on or before July 1, 1951, or such certificates would then expire. This provision was inserted in the regu-

lations for purely administrative reasons in order to provide for the exchange of old make, model, and type rating certificates for the new parachute rigger certificates which contain only type ratings.

The Civil Aeronautics Administration has drawn the attention of the Board to the fact that a number of persons have neglected to exchange their certificates for the new type due to lack of actual knowledge of this provision. The CAA has proposed that the Administrator be empowered to reissue new certificates to the holders of expired old-type certificates without other showing on the part of the certificate holder. The Board considers that this should be done and that no good reason exists for refusing to allow the continued exchange of old-type certificates as requested by the CAA.

Since this amendment is minor in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and the amendment may be made effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby amends Part 25 of the Civil Air Regulations (14 CFR Part 25, as amended) effective immediately:

By adding a new § 25.11 to read as follows:

§ 25.11 *Reissuance of certificates.* Any person who on June 30, 1951, held a valid parachute technician certificate and who failed to exchange such certificate in accordance with § 25.8 may, notwithstanding such failure and without other showing, obtain a parachute rigger certificate with appropriate ratings upon application to the Administrator.

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 112]

CPR 112—WHOLESALE PAPER MERCHANTS

Pursuant to the Defense Production Act of 1950, as amended, (Pub. Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 733), this Ceiling Price Regulation 112 is hereby issued.

STATEMENT OF CONSIDERATIONS

This regulation applies only to those wholesale paper merchants who derive a major part (35 percent or more) of their total dollar volume of sales from the distribution of paper, paper products, paperboard, paperboard products, and packaging materials or packaging prod-

ucts made primarily from paper or paperboard. It does not apply to those whose transactions in these commodities are but a minor part of their total sales volume—e. g. wholesale grocers, wholesale druggists, stationers and general wholesalers; nor does it cover that portion of distributive sales made directly by the manufacturer to the converter, publisher, or other industrial or commercial user. There are about 2,700 wholesale paper merchants in the United States who operate from warehouse inventories. These merchants handle 21 percent of the total tonnage of these products consumed; and in 1950, the value of such products sold by them amounted to \$1,320,000,000. This sales volume comprised 51 percent wrapping and industrial paper and paperboard and 49 percent fine and printing paper. The individual merchants handle either or both of these commodity lines.

Catalogues usually publish the prices at which the merchants offer the products for sale. The reselling activities of the merchants include the performance of the functions of warehousing; repackaging into smaller units; delivery; credit extensions; supply and technical services to such buyers as printers, converters, industrial and commercial users, publishers and retailers. As with other wholesalers, expenses are covered and profits are derived from the difference between the "cost of goods sold" and the selling price, this spread being expressed as a percentage of the cost and known as the mark-up.

Wholesale paper merchants formerly established price ceilings under the provisions of the General Ceiling Price Regulation and its Supplementary Regulation 29. These overall regulations were intended to serve until the issuance of regulations tailored to more nearly meet the needs of specific industries or trades. This regulation is issued both to meet this objective, and because the issuance of specific regulations setting ceiling prices of paper and paperboard products sold at the supplier level makes it necessary to provide a tailored regulation for the paper wholesalers.

This regulation provides for the retention of the actual percentage mark-ups and price differentials that existed during the base period of January 1, 1951 through March 31, 1951 and preserves the normal individual trade practices of paper merchants in their treatment of transportation, conversion charges and the other important elements of cost. It combines into a single regulation the factors of price control designed to cover all paper, paper products, paperboard, paperboard products, and packaging materials or packaging products made primarily from paper or paperboard sold by these merchants.

Ceiling prices for products covered by this regulation are established by use of the pricing formula set forth in the regulation. To arrive at a ceiling price the wholesale paper merchant applies the percentage mark-up he received on sales of the same commodity during the base period and adds this amount to his current cost of the commodity as reflected by his latest invoice or other evidence of the price charged by his supplier. If no

sale or offer of sale of the commodity was made during the base period, the merchant must use the price at which the most comparable commodity was sold or offered for sale to arrive at a base period mark-up. This technique is substantially that used in SR 29 to the GCPR, and this regulation thus represents a tailoring of SR 29 to more closely meet the problems of wholesale paper merchants. The base period used, January 1, 1951 through March 31, 1951, is generally representative in reflecting the "customary percentage margins over costs of goods sold," and also is one during which adequate records were kept and are known to be available to the merchants at present.

FINDINGS OF THE DIRECTOR OF PRICE STABILIZATION

In the judgment of the Director of Price Stabilization, the ceiling prices established by this regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

So far as practicable, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in furtherance of the objectives of the Defense Production Act of 1950, as amended, and to prices prevailing during the period from May 24, 1950, to June 24, 1950, inclusive.

In the judgment of the Director of Price Stabilization this regulation grants to sellers at wholesale at least their customary percentage margins over the cost of materials during the period May 24, 1950, to June 24, 1950.

In formulating this regulation, there has been consultation with representatives of the industry including three meetings of the Industry Advisory Subcommittees and two meetings of the Industry Advisory Committee and consideration has been given to their recommendations.

SECTION 1. What this regulation does. This regulation establishes ceiling prices for sales by wholesale paper merchants of writing and other fine paper, book paper, groundwood specialty paper, newsprint, kraft paper, glassine, waxed paper, tissue and other papers, paper products, paperboard, paperboard products and packaging materials or packaging products made primarily from paper and paperboard.

SEC. 2. Regulations superseded. The general Ceiling Price Regulation and its Supplementary Regulation 29, as amended, and Ceiling Price Regulation 31, as amended, insofar as they covered sales, by wholesale paper merchants, of commodities listed in section 1 and Ceiling Price Regulation 9 insofar as it covered the sales of these commodities by wholesale paper merchants in Hawaii and the Virgin Islands, are hereby superseded.

SEC. 3. Geographical applicability. The provisions of this regulation apply to sales in the forty-eight states of the United States, the District of Columbia, and in Hawaii and the Virgin Islands.

SEC. 4. Wholesale Paper Merchant defined. You are subject to this regulation if you are a wholesale paper merchant or jobber who buys and resells any of the commodities covered by this regulation and if at least 35 percent of your total dollar volume of sales in the calendar quarter immediately preceding the effective date of this regulation was from the sale of these commodities. Retailers and manufacturers buying commodities subject to this regulation from another manufacturer and reselling it are not wholesale paper merchants. You are subject to this regulation if you are a paper manufacturer who has applied under the appropriate paper manufacturing ceiling price regulation and received a finding that, as to part or all of your business, you operate as a merchant. You are also subject to this regulation if you have been authorized to sell as a new wholesaler under section 24.

SEC. 5. Base period. Your base period shall be the period January 1, 1951 to March 31, 1951, both inclusive.

SEC. 6. Base period price. If you had a published price list and during the base period generally sold and delivered your commodities appearing on the published price list at the prices stated therein, your base period price for a commodity in any customary quantity bracket of sale is its price on the published price list. If you did not have and so use a published price list, your base period price for a commodity in any customary quantity bracket of sale is the highest price at which you delivered the commodity in that quantity bracket during the base period. If you did not have and so use a published price list and did not deliver the commodity during the base period, or did not deliver it in certain of your customary quantity brackets, your base period price is the highest price at

which you made a bona fide written offer for delivery of the commodity during the base period in the appropriate quantity bracket. Such offer includes a price quotation in any written manner in which you regularly quoted your offering prices.

SEC. 7. Base period cost of goods sold. Your base period cost of goods sold is that cost of the commodity which was actually used in determining your base period price in section 6. In lieu of other proof, it will be presumed you used the most recent invoice or notice of price which you received from the manufacturer of the commodity before issuing your published price list. You may include the cost, if any, for which a charge was made by you during the base period for conversion operations and for transportation costs incurred by you less any transportation allowances granted by your supplier during the base period.

SEC. 8. Base period percentage mark-up. (a) To determine the base period percentage mark-up for the sale of a commodity in a particular quantity bracket, deduct from your base period price for the commodity as defined in section 6, the base period "cost of goods sold" as defined in section 7, and divide such difference by said base period "cost of goods sold." The result in percentage is the base period percentage mark-up. Figure it to the nearest $\frac{1}{2}$ of one percent ($\frac{1}{4}$ percent or over to be considered the next higher $\frac{1}{2}$ percent; less than $\frac{1}{4}$ percent to be dropped).

(b) If you have no base period mark-up because during the base period you made no delivery or offer of delivery of the commodity in the quantity bracket which you are pricing, then your base period percentage mark-up shall be the mark-up of your most comparable commodity sold by you during the base period. A commodity shall be deemed "comparable" to another commodity if the first has the same end use as the second, affords the purchaser fairly equivalent serviceability, and belongs to a type which would ordinarily be sold in the same price line.

SEC. 9. Current cost of goods sold. (a) Your current cost of goods sold for the commodity being priced is your supplier's most recent invoice to you or the most recently published price of your supplier upon or after its effective date as evidenced by his price list or by his bona fide written offer of sale to you and may include the costs, if any, for which a charge was made by you during the base period for conversion operations and for transportation, incurred by you less any transportation allowances granted by your supplier. Where you allocate between various commodities actual transportation costs, use the same system of allocation which you used during the base period. However, conversion and transportation costs which have been incurred by you in addition to the price paid to your supplier for the commodity purchased, and which have been made a part of the "cost of goods sold" in the base period, shall continue to be used by you in any calculation to determine your ceiling prices

thereafter; if you did not include such costs in your base period "cost of goods sold" you may not use them.

(b) Transportation cost incurred by you refers to freight, and/or cartage charges resulting from a delivery of a commodity into your warehouse or by a direct shipment to your customer from your supplier, and shall include only that part in excess of the freight and/or cartage charges actually allowed to you by your supplier in the quantity sold for the shipment.

SEC. 10. Establishment of ceiling prices by application of percentage mark-up. To determine your ceiling price for a sale of a commodity, apply your appropriate base period percentage mark-up, as defined in section 8 for the quantity involved in the sale, to the current "cost of goods sold" as defined in section 9.

SEC. 11. Customary price differentials. In computing your ceiling prices, you must use your customary price differentials, including discounts, allowances, premiums and extras, terms and conditions of sale or delivery which you had in effect during the base period.

SEC. 12. Purchases from other wholesalers. If you are selling commodities purchased from another wholesaler, calculate your base period price, base period cost of goods sold, base period percentage mark-up and current cost of goods sold in accordance with the previous sections of this regulation using cost of purchase from the wholesaler. If during the base period you did not make a purchase from a wholesaler of the commodity which you are pricing, your ceiling price may be no higher than that which would apply to purchases of that same commodity from a supplier other than a wholesaler.

SEC. 13. Ceiling prices for repurchased commodities. If you repurchase a commodity previously sold by you, your ceiling price for resale may be no higher than your original ceiling price plus charges for any actual conversion which occurred subsequent to, your first sale, computed in accordance with section 15.

SEC. 14. Prices lower than ceiling prices. Lower prices than those established by this regulation may be charged, demanded, paid or offered.

SEC. 15. Charges for conversion. (a) *Charges for conversion operations performed by the merchant.* A merchant performing a conversion operation in connection with any commodity subject to this regulation may add a charge separately therefor, in addition to the price charged for the commodity, which shall not exceed the highest price charged by the merchant for such operation in the base period; provided, however, that such conversion charge was not already added to the cost of goods sold as defined in section 9.

If the merchant performs a conversion operation which he did not perform in the base period, he shall compute the charge by using the same method based on his wage rates, machine hour rates and overhead, as he used in computing

other conversion charges during the base period.

(b) *Charges for conversion operations performed by another.* If the merchant secures the performance of any conversion operation by any other person, he may add to his ceiling price for the commodity the following amounts calculated in the following order:

(1) The actual cost to him of such conversion operation;

(2) The percentage margin of profit computed on Item (1) which he charged during the base period on the same or comparable conversion operation performed by another person on the same or a comparable commodity; this margin may not be greater than that used during the base period;

(3) Transportation costs actually incurred in such operation.

(c) *Conversion operations not covered by this regulation.* If a conversion operation results in the creation of a product, the sale of which is subject to any other specific ceiling price regulation for the product, such operation is not subject to this regulation. If, however, the conversion operation produces a made to order product which is not subject to any other specific product regulation, then you shall use this regulation.

SEC. 16. Job lots and seconds. The ceiling prices for job lots and seconds shall not exceed the ceiling prices at which you may sell the first quality of the same commodity. The invoice covering any sale of job lots or seconds shall state that the commodity is a job lot or second, as the case may be.

SEC. 17. Rounding of ceiling prices. Your ceiling price shall be rounded down and may be rounded up in accordance with your practice in the base period for various quantities of sale to the nearest even amount in dollars and cents per 100 lbs., per 1,000 sheets, per thousand, per dozen, per gross or per other customary unit.

SEC. 18. Exports excluded. The ceiling prices for export sales of commodities otherwise subject to this regulation shall be determined under Ceiling Price Regulation 61.

SEC. 19. Imports included. The ceiling prices for commodities imported into the United States which would be under this regulation if manufactured in the United States and sold therein by wholesale paper merchants shall be determined under this regulation and not under Ceiling Price Regulation 31.

SEC. 20. Petitions for amendment. Any person seeking an amendment of any provision of this regulation may file a petition for amendment in accordance with the provisions of Price Procedural Regulation 1 as revised.

SEC. 21. Adjustable pricing. Any person may agree to sell or sell at a price which can be increased up to the ceiling price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Stabilization, agree to sell or sell at prices to be adjusted upward in accordance with any increase in a ceiling price after delivery. Such authorization may be given when a request

for a change in the applicable ceiling price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Defense Production Act of 1950, as amended.

Sec. 22. Taxes separately stated. (a) In addition to your ceiling price, you may collect the amount of any excise, sales or similar taxes paid by you as such only if, during the base period, you stated and collected such taxes separately from your selling price.

(b) In the case of such a tax imposed by law which is not effective until after the base period, you may collect the amount of the tax actually paid as such by you, in addition to your ceiling price, if not prohibited by the tax law. You must in all such cases separately state the amount of the tax.

Sec. 23. Transfers of business or stock in trade. If the business, assets, or stock in trade of a wholesale paper merchant are sold or otherwise transferred after the effective date of this regulation, and the transferee carries on the business, or continues to deal in the same type of commodities or services, in an establishment separate from any other establishment previously owned or operated by him, the maximum prices of the transferee shall be the same as those which his transferor would have been subject to if no such transfer had taken place, and his obligations to keep records sufficiently to verify such prices shall be the same. The transferor shall either preserve and make available, or turn over, to the transferee all records of transactions prior to the transfer which are necessary to enable the transferee to comply with the record provisions of this regulation.

Sec. 24. Application for aid in determining ceiling prices. If you are unable to determine your ceiling price for a commodity under any of the foregoing provisions of this regulation, or if you were not in business as a wholesale paper merchant in the base period, you shall apply in writing to the Director of Price Stabilization, Washington 25, D. C., for the establishment of a ceiling price or mark-up. Such application shall contain:

(a) Name of firm, street address, city, postal zone, state;

(b) A description of the commodity to be priced including brand, grade name, if any, and end use; samples to be furnished if requested;

(c) Cost, including invoice cost, transportation charges, converting charges or any other cost elements of the commodity to be priced;

(d) A statement of the proposed quantity bracket ceiling prices with percentage mark-up in each quantity bracket for the commodity to be priced;

(e) A statement of the quantity bracket ceiling prices in each quantity bracket of the same commodity as sold by your most closely competitive seller. If prices for the same commodity are not available, use the prices available for the most comparable commodity and

give the brand name, grade name, if any, and end use of the commodity selected;

(f) A statement of the reasons why the commodity cannot be priced under any other provisions of this regulation.

You may not sell a commodity which is the subject of an application under this section until the Director of Price Stabilization notifies you in writing of your ceiling price or mark-up: *Provided, however,* That if you had established a price or mark-up for the commodity under the applicable provisions of the General Ceiling Price Regulation subsequent to the base period but prior to the effective date of this regulation, you may continue to sell at such ceiling price or mark-up until and unless the Director of Price Stabilization notifies you of a different ceiling price or mark-up.

Sec. 25. Records. The records required by this section [except paragraph (d)] must be retained for as long as the Defense Production Act of 1950, as amended, or its successor act, is in effect and for two years thereafter. You must keep available the following records for examination by the Office of Price Stabilization:

(a) Records required under section 16 (a) of the General Ceiling Price Regulation.

(b) Supplier's invoices, price lists, freight bills, and other records of cost used to establish your base period costs, required under section 7 of this regulation.

(c) Copies of your base period invoices to customers, and catalogues, price lists and written quotations used to establish your base period price required under section 6 of this regulation.

(d) Supplier's invoices, price lists, catalogues, freight bills and records of other allowable costs, necessary under section 9 of this regulation. Records required by this paragraph must be kept for two years after they are first used.

(e) Records required by this section dealing with purchases from other wholesalers shall be so marked that they can be cross referenced with the records necessary under (c) of this section and shall be maintained separately.

(f) In addition to the records required under parts (a), (b), (c), (d) and (e) you must keep and preserve a statement, published price list or catalogue showing the commodities sold and prices charged for these commodities and related services, together with percentage mark-ups used to calculate these selling prices in accordance with this regulation.

Sec. 26. Interpretations. If you have any doubt as to the meaning of this regulation, you should write to the District Counsel of the proper OPS District Office for an interpretation. Any action taken by you in reliance upon and in conformity with a written official interpretation will constitute action in good faith pursuant to this regulation. Further information on obtaining official interpretations is contained in Price Procedural Regulation 1 as revised.

Sec. 27. Prohibitions. You shall not do any act prohibited or omit to do any act required by this regulation, nor shall

you offer, solicit, attempt, or agree to do or omit to do any such acts. Specifically (but not in limitation of the above), you shall not, regardless of any contract or other obligation, sell, and no person in the regular course of trade or business shall buy from you at a price higher than the ceiling price established by this regulation, and you shall keep, make and preserve true and accurate records and reports, required by this regulation. If you violate any provisions of this regulation, you are subject to criminal penalties, enforcement action, and action for damages.

Sec. 28. Evasions. Any means or device which results in obtaining indirectly a higher price than is permitted by this regulation or in concealing or falsely representing information as to which this regulation requires records to be kept is a violation of this regulation. This includes, but is not limited to, means or devices making use of commissions, services, cross sales, transportation arrangements, premiums, discounts, special privileges, up-grading, tie-in agreements and trade understandings, as well as the omission from records of true data and the inclusion in records of false data.

Sec. 29. Supplementary regulations. The Director of Price Stabilization may issue supplementary regulations modifying or supplementing this regulation as he deems appropriate.

Sec. 30. Definitions and explanations. The terms in this Ceiling Price Regulation shall be construed in the following manner unless otherwise clearly required by the context:

(a) *Commodity.* This term means one grade or brand of any product covered by this regulation which in turn may vary as to size color, finish, packing, or weight.

(b) *Comparable commodity.* See section 8 (b).

(c) *Conversion operations.* Conversion operations are those service operations performed for the convenience of buyers in the normal conduct of a paper distributing business and including but not limited to cutting, slitting, sheeting, rewinding, punching, round cornering, ruling, perforating, boxing, wrapping, sealing, banding, and other similar operations.

(d) *Customary quantity bracket of sale.* This is the range in pounds, units, or other count whereby you established a different price in the base period for different quantities sold.

(e) *Delivered.* Paper shall be deemed to have been "delivered" if it was received by the purchaser or by any carrier, including a carrier owned or controlled by the seller, for shipment to the purchaser.

(f) *Generally sold or delivered.* Commodities subject to this regulation are generally sold and delivered pursuant to your price list when 10 percent of your sales (calculated in terms of number of transactions) were made at prices listed in your price list.

(g) *Highest price.* Highest price during a particular period means the highest price at which you delivered a commodity or performed a service during that

period, or if you made no such delivery or performance during that period, it is the highest price at which you offered the commodity or service for delivery during that period.

(h) *Job lots and seconds.* Job lots and seconds means substandard qualities of a commodity resulting from faulty manufacture or overruns customarily unacceptable to the buyer, which occur during a bona fide attempt to manufacture a commodity of acceptable quality and quantity.

(i) *Manufacturer and sales by a manufacturer.* For the purpose of this regulation: Manufacturer means any person who manufactures any of the commodities covered by this regulation and includes an agent or a person affiliated with a manufacturer through community of ownership, who distributes or sells such manufacturer's commodities covered by this regulation excluding, however, any person who comes within the definition of a "wholesale paper merchant" in Section 4 of this regulation.

(j) *Most closely competitive seller.* Your most closely competitive seller is the seller with whom you are in most direct competition. You are in direct competition with another seller who sells the same types of commodities or services to the same purchasers in similar quantities on similar terms and, if you are selling a commodity, you supply approximately the same amount of service.

(k) *Packaging materials and packaging products.* Packaging materials and packaging products are those commodities, made principally of paper or paperboard, specifically manufactured and intended to be used for the protection, display, assembly or containment of other articles.

(l) *Person.* This term includes any individual, corporation, partnership, association, or any other organized group of persons or legal successors or representatives of the foregoing, and the United States or any other Government or their political subdivisions or agencies.

(m) *Published price list.* Published price list means a published or circulated price schedule or pricing manual for use by your salesmen or the trade.

(n) *Retailer.* Retailer means any person, the major portion of whose sales are to ultimate consumers other than industrial, commercial, or institutional users or government agencies.

(o) *Supplier.* Supplier means a manufacturer, manufacturer's agent, converter, or other wholesaler from whom you purchased a commodity covered by this regulation. Supplier does not include a retailer.

(p) *Transportation cost.* This term is explained in section 9 (b).

(q) *Wholesale paper merchant.* This term is defined in section 4.

(r) *You.* The pronoun "you" as used in this regulation includes any person subject to the regulation.

Effective date. This regulation shall become effective January 14, 1952.

NOTE: The record-keeping and reporting requirements of this regulation have been

approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

[General Ceiling Price Regulation, Amdt. 2
to Supplementary Regulation 43]

GCPR, SR 43—BOTTLED SOFT DRINKS

MISCELLANEOUS AMENDMENTS

Pursuant to the Defense Production Act of 1950, as amended (Pub Law 774, 81st Cong., Pub. Law 96, 82nd Cong.), Executive Order 10161 (15 F. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this amendment 2 to Supplementary Regulation 43 to the General Ceiling Price Regulation (16 F. R. 808) is hereby issued.

STATEMENT OF CONSIDERATIONS

The accompanying amendment to Supplementary Regulation 43 is intended to clarify and enlarge the provisions of that supplementary regulation. Under it, a bottler of soft drinks in bottles of 6 to 12 ounces is allowed to reduce the size of his bottle in lieu of taking the allowable increase in price otherwise authorized by Supplementary Regulation 43. In addition, the amendment changes the method by which retailers may pass on an increase in cost to them by the bottler.

Prior to the issuance of Supplementary Regulation 43, discussion was had as to the advisability of including in that regulation a provision relating to a possible change in bottle size by a bottler of soft drinks. On the advice of the Industry Advisory Committee, the Office of Price Stabilization determined not to include such a provision and confined the application of Supplementary Regulation 43 to direct price relief. Subsequent information has indicated a change in position by some members of the Industry Advisory Committee. Moreover, experience under the regulation has demonstrated that a restriction to direct price relief is not adequate to meet the needs of some portions of the industry.

Many bottlers are unable to take advantage of the price increase authorized by Supplementary Regulation 43 because of the nature of competition in the industry. For many years both wholesale and retail prices per bottle and case were relatively uniform in most markets. Competition took the form of size of bottle rather than price competition because of the desire to maintain a five-cent retail price. Increases in ingredient costs over the years have made this form of competition more and more difficult. Operating margins on larger sizes were frequently eliminated. Experience under SR 43 has demonstrated that many of the bottlers of six- and seven-ounce sizes have not taken the increase afforded by the regulation and this has apparently prevented other bottlers in the same areas from increasing their prices.

The only practical alternative for many bottlers is to reduce the size of their bottles. While Supplementary Regulation 43 does not prevent them from doing this, neither does it provide them with a pricing method if they should desire to take that step. In such a situation they would be required, in the absence of the accompanying amendment, to price the new reduced bottle size under section 4 of the General Ceiling Price Regulation. That section contemplated a situation where commodities in the same category would have roughly similar price cost ratios with lesser cost items being lower priced, not a situation such as exists in the soft drink industry where the price cost ratio is largely a function of size. The inappropriateness of section 4 extends, however, only to decreases in bottle sizes where the comparison commodity must usually be a different flavor of a smaller size. When the bottle size is increased, on the other hand, the comparison commodity will usually be the same flavor in the original size. This amendment adapts the pricing technique of section 4 of the General Ceiling Price Regulation to the peculiarities of the soft drink industry. Those who bottle in from 6 to 12 ounces and who wish to increase or decrease their bottle size will use the pricing technique set forth in section 4 of the General Ceiling Price Regulation except that they will use as their comparison commodity the original size of the flavor they are pricing.

Section 5 of Supplementary Regulation 43 presently permits retailers of soft drinks to increase their price per bottle from 5 to 6 cents when there is an increased cost to them under the regulation of 16 cents a case. It also permits retailers to discontinue discounts for multiple bottle sales when their case price is 88 cents or more or when the case price is increased to them by more than 8 cents. As was stated before, it was thought at the time of the issuance of Supplementary Regulation 43 that the bottlers would be able to take the price relief there afforded and that most of them would increase their case price the full amount. Due to the competitive situation in the industry, however, bottlers have been able to take only partial advantage of the price increase and the retailers have consequently been squeezed. In order to remedy this situation the accompanying amendment revokes section 5 of SR 43 and thus allows wholesalers and retailers the pass-through to which they are entitled under section 11 of the GCPR.

FINDINGS OF THE DIRECTOR

In the judgment of the Director of Price Stabilization, the provisions of this amendment to Supplementary Regulation 43 to the General Ceiling Price Regulation are generally fair and equitable and are necessary to effectuate the purposes of Title IV of the Defense Production Act of 1950, as amended.

So far as practicable, the Director of Price Stabilization gave due consideration to the national effort to achieve maximum production in the furtherance of the objectives of the Defense Produc-

tion Act of 1950 as amended; to parity prices and the other minimum requirements of the law including prices prevailing during the period from May 24, 1950 to June 24, 1950, inclusive; and to relevant factors of general applicability.

In formulating this amendment the Director of Price Stabilization has consulted, as far as was practicable, with interested persons in the industry and has given full consideration to their recommendations.

AMENDATORY PROVISIONS

Supplementary Regulation 43 to the General Ceiling Price Regulation is hereby amended as follows:

1. Section 1 is amended to read as follows:

SECTION 1. What this regulation does. This supplementary regulation permits wholesale sellers of soft drinks whose ceiling prices are below 96 cents for a case of 24 bottles to increase their prices 16 cents up to 96 cents a case. It also allows manufacturers of soft drinks in bottles of all sizes to charge bottle deposits not to exceed replacement costs, and wholesalers and retailers to pass such charges along. Moreover, this regulation prescribes the method for determining the ceiling prices of bottle sizes of soft drinks not sold from December 19, 1950 through January 25, 1951.

2. Section 4 is amended to read as follows:

SEC. 4. Pricing for sales at wholesale. (a) If you sell a soft drink to wholesalers or retailers and have, pursuant to the General Ceiling Price Regulation, a ceiling price for sales to wholesalers and retailers below 96 cents for a case of 24 bottles, you may increase that price by adding to it 16 cents so long as your new ceiling price is not higher than 96 cents a case.

For example. If your ceiling price is 75 cents a case, you may increase your ceiling price to 91 cents. But if your ceiling price is 84 cents, you may increase it only to 96 cents.

(b) If, after January 25, 1951, you change the size of the bottle in which you sold a soft drink during the base period, you will determine your ceiling price for the new bottle size by applying to your current unit direct cost of the new size the percentage markup you are currently receiving on the size of bottle from which you are changing. Your current unit direct cost for the bottle size being priced and for the bottle size from which you are changing shall consist of the total unit direct labor and direct material cost for each. To determine your ceiling price you ascertain the percentage markup for the bottle size from which you are changing by dividing its ceiling price, adjusted pursuant to paragraph (a) of this section, by its current unit direct cost. You determine your ceiling price on the new bottle size by multiplying your current unit direct cost for the new bottle size by this percentage markup. The ceiling price so determined remains your ceiling price on all subsequent sales, and you may not adjust that ceiling price pur-

suant to the provisions of paragraph (a) of this section.

(e) You may, if you wish, simultaneously sell any flavor of soft drink in a bottle size priced under paragraph (a) and a bottle size priced under paragraph (b) of this section.

3. Section 5 is hereby revoked.

4. Sections 6, 7, 8 and 9 are renumbered 5, 6, 7 and 8, respectively.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment is effective January 14, 1952.

(4) When firing is to take place during daylight hours a large red flag will be displayed from the control tower at Camp Wellfleet and on each patrol boat in or near the danger zone. These flags will be displayed at least one-half hour before the time firing is to commence and be removed when firing has ceased for each period. Radio telephone communication will be maintained by the Coordinator or responsible range officer at Camp Wellfleet in order to inform navigation when firing has ceased for the day or when any change has been made in previously announced firing schedules. When firing is to take place during the night hours the patrol boats will operate their searchlights to cast a steady vertical beam of light during the time of firing.

(5) Since firing will be conducted at various times by arms of several different caliber and range only such portions of the entire danger zone as is required for the type of firing to be conducted at any one time or periods of time will be restricted. Information as to the exact limits of the area to be restricted will be contained in the press and radio releases and notices to Mariners referred to in subparagraph (2) of this paragraph. This information will also be furnished by ship-to-shore radio telephone communication upon request.

(6) Except as otherwise provided in this subparagraph, no vessel shall enter, remain in, or pass through the restricted area during the times of firing unless specific permission is granted in each case by the Coordinator or responsible range officer.

(i) All interport and ocean-going commercial vessels will be allowed to transit the area at any time, but there may be slight delays to such traffic due to the need for controlling firing during the time of transit. The Coordinator or responsible range officer will so regulate firing that all other craft may pass without unreasonable delay.

(ii) In the event of an emergency, such as official weather bureau storm warnings, loaded fishing vessels en route to market, or damage to a craft which would endanger life if delayed, vessels will be given immediate clearances by the Coordinator or responsible range officer to pass through the area.

(7) Firing may be conducted while fishing or other craft are proceeding through the area provided normal safety measures are enforced by the Coordinator or responsible range officer at Camp Wellfleet. Firing directly over any craft within the danger zone will not be permitted.

(8) The danger zone will be kept clear of sunken targets. Each target sunk within the area will be properly marked to indicate its location until its removal. Such sunken targets will be removed as soon as practicable. Marking and removal of these targets will be done by the enforcing agency.

(9) The regulations in this section shall be enforced by the Commanding General, Camp Edwards, Falmouth, Massachusetts, and such agencies as he may designate.

ORDER POSTPONING HEARING

JANUARY 3, 1952.

In the matters of Warwick Gas Corporation, Docket No. G-1476; Bangor Gas Company, Docket No. G-1479; Citizens Gas Company, Docket No. G-1480; Pen Argyl Gas Company, Docket No. G-1481; Crystal City Gas Company, Docket No. G-1501; New River Gas Company, Docket No. G-1514.

On December 12, 1951, The Manufacturers Light and Heat Company, Respondent at Docket Nos. G-1479 and G-1480; Home Gas Company, Respondent at Docket Nos. G-1476 and G-1501; and Atlantic Seaboard Corporation, Respondent at Docket No. G-1514 (herein-

after referred to as "Respondents"), filed a joint motion for the postponement of the further hearing in these proceedings now scheduled to commence on January 9, 1952, in Washington, D. C., until after the end of the 1951-52 winter heating season.

On December 21, 1951, Crystal City Gas Company, Applicant at Docket No. G-1501, filed an answer opposing the aforesaid joint motion and requesting that such motion be denied. A similar answer was filed jointly on December 29, 1951, by Applicants at Docket Nos. G-1479, G-1480, and G-1481.

In support of their motion, Respondents assert that any further hearing before the completion of further estimates of gas requirements of, and gas available to, The Columbia Gas System, Inc., parent company of Respondents, would not add materially to the record as to the prospective gas supply beyond the winter of 1951-52. Such further estimates are expected to be completed during February 1952. Respondents point out also that a hearing as now scheduled would not serve any useful purpose with respect to any gas supply for the applicants in these proceedings during the 1951-52 winter heating season.

The Commission finds: Good cause has been shown and it would be in the public interest to postpone the public hearing in these proceedings to April 8, 1952.

The Commission orders: The public hearing in this proceeding fixed by order issued December 5, 1951, to commence on January 9, 1952, in Washington, D. C., be and the same is hereby postponed to April 8, 1952, at 10:00 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

[Ceiling Price Regulation 7, Section 43,
Revocation of Special Order 415]

BERKSHIRE KNITTING MILLS

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 415, issued to Berkshire Knitting Mills, on August 15, 1951, effective August 16, 1951, established ceiling prices at retail for women's full fashioned stockings, having the brand name "Berkshire" and "As You Like It."

Berkshire Knitting Mills has applied for a revocation of this special order. The applicant states that it is unable to comply with the pre-ticketing provisions of the special order. The Director has determined that sufficient reasons exist for revocation of the order.

The order of revocation requires the applicant to send a copy to all purchasers for resale who have received notice of the special order.

Revocation. 1. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, Special Order 415 issued to Berkshire Knitting Mills on August 15, 1951, effective August 16, 1951, establishing ceiling prices at retail for women's full fashioned stockings having the brand names "Berkshire" and "As You Like It" shall be, and the same hereby is, revoked in all respects.

2. *Notification to resellers.*—(a) *Notice to be given by applicant.* Within 15 days after the effective date of this order of revocation the Berkshire Knitting Mills must send a copy of this order of revocation to all purchasers for resale to whom it has given notice of Special Order 415.

The applicant must also, within 15 days after the effective date of this order of revocation, supply each purchaser for resale, other than a retailer, with sufficient copies of this order of revocation to enable such purchasers to comply with the notification requirements of this order of revocation.

(b) *Notices to be given by purchasers for resale (other than retailers).* Within 15 days of receipt of this order of revocation, each purchaser for resale (other than retailers) must send a copy of this order of revocation to each purchaser for resale to whom he has given notice of Special Order 415.

Effective date. This order of revocation shall become effective January 3, 1952.

Director of Price Stabilization.

[Ceiling Price Regulation 7, Section 43,
Special Order 67, Amdt. 3]

CHESTER H. ROTH CO., INC.

CEILING PRICES AT RETAIL

Statement of considerations. Special Order 67, under section 43 of Ceiling

Price Regulation 7, issued on June 4, 1951, established ceiling prices for sales at retail of socks and stockings distributed by Chester H. Roth Co., Inc., under the brand names "Esquire Socks", "Fruit of the Loom Socks", and "Schia-parelli Stockings." The special order required the distributor to mark each article listed in the special order with the retail ceiling price fixed under the special order, or to attach to each article a label, tag or ticket stating the retail ceiling price. Applicant was required to comply with this preticketing provision on and after July 5, 1951.

Thereafter Amendment 1 to Special Order 67 was issued on July 12, 1951, under which amendment the applicant Chester H. Roth Co., Inc. was granted an extension of time up to and including January 5, 1952 to comply with the provisions of the special order to label, tag, or ticket retail ceiling prices of the articles listed in the special order. Chester H. Roth Co., Inc. has filed another application dated December 15, 1951 for an amendment to its special order to allow it up to and including July 5, 1952 to meet the requirements of the special order to label, tag, or ticket the articles covered by the special order.

The applicant points out that each article covered by the special order is labeled, but the label does not have the precise language required by the special order. The applicant has submitted an alternative method of labeling its accumulated inventory, which method substantially meets the marking requirements of the regulation. However, the labels on all new merchandise shall bear the exact language required by the special order.

Under the special circumstances set forth by the applicant the Director has determined that the requested amendment should be granted.

Amendatory provisions. Special Order 67 under Ceiling Price Regulation 7, Section 43, is amended in the following respects:

1. In paragraph 4, substitute for the mark or statement

OPS—Sec. 43—CPR 7
Price \$-----

the following mark or statement: \$-----

2. Add to paragraph 4, following the last sentence appearing therein, the following:

On and after July 5, 1952, Chester H. Roth Co., Inc. must mark each article listed in paragraph 1, 2 (a) and 2 (b) of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

On and after August 5, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to August 5, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting requirements of the regulation which would apply in the absence of this special order,

Effective date. This amendment shall become effective January 3, 1952.

MICHAEL V. DiSALLE,
Director of Price Stabilization.

[Ceiling Price Regulation 7, Section 43,
Special Order 129, Amdt. 1]

SIMPSON IMPORTS, INC.

CEILING PRICES AT RETAIL

Statement of considerations. This amendment to Special Order 129 establishes new retail ceiling prices for certain of the applicant's branded articles. These new retail ceiling prices are listed in paragraph 1 of the special order and marked with an asterisk. The ceiling prices established prior to this amendment and still in effect are listed without an asterisk.

The Director has determined, on the basis of information available to him, that the retail ceiling prices requested are in line with those already granted and are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

Amendatory provisions. Special Order 129 under Ceiling Price Regulation 7, section 43, is amended in the following respects:

1. Delete paragraph 1 of the special order and substitute therefor the following:

1. The following ceiling prices are established for sales by any seller at retail of men's trousers and walking shorts distributed by the Simpson Imports, Inc., having the brand name "Duke," and described in the manufacturer's application dated May 17, 1951, and supplemented and amended by the manufacturer's applications dated October 24, 1951 and November 8, 1951.

The ceiling prices listed below which are marked with an asterisk shall become effective on receipt of a copy of this order by the retailer, but in no event later than 30 days after the effective date of this order. Ceiling prices not marked with an asterisk are effective upon the effective date of this order. Sales may, of course, be made below the retail ceiling prices.

The selling prices to retailers listed below are subject to terms of 2/10.

Selling price to retailers (per unit):	Ceiling price at retail (per unit)
\$14.75 through \$15.00-----	*\$25.00
\$15.75-----	*26.50
\$16.40-----	*27.50

\$20.50-----	*35.00
\$21.50-----	*36.00
\$22.50-----	37.50
\$23.70-----	39.50

2. Delete paragraph 4 of the special order and substitute therefor the following:

This section gives a manufacturer or wholesaler the right to apply for uniform retail ceiling prices for certain of his branded articles. This section requires that the articles must customarily have been sold at substantially uniform prices, and the ceiling prices applied for must not raise the general level of prices under CPR 7. The order may, of course, be amended or revoked if further review shows that the requirements of the regulation have not been fully met.

This special order requires each article to be tagged or marked with the retail ceiling price. The supplier must send to each retailer a copy of this special order, as well as a list of ceiling prices for each article or cost line and notice of all amendments. The order requires the supplier to file certain sales reports with OPS.

Retailers will be concerned with sections 1 through 6 of this special order which contain provisions applying to them. The rest of the order is of interest primarily to the applicant.

With respect to articles the ceiling prices of which are affected by any amendment to this order, the same rules apply except that you must mark or tag such articles as stated above not later than 60 days after the effective date of the amendment.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant is required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Price Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. The ceiling prices for sales at retail of sport shirts sold at wholesale by Stradivari Sportswear, Inc., 19 West 18th Street, New York 11, N. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. Sales may, of course, be made at less than the ceiling prices.

2. The retail ceiling price of an article fixed by paragraph 1 of this special order shall apply to any other article of the same type which is otherwise priceable under Ceiling Price Regulation 7 by re-

3. On and after March 13, 1952, Stradivari Sportswear, Inc., must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order, or attach to the article a label, tag or ticket stating the retail ceiling price. Prior to the expiration of the 60-day period unless the article is so ticketed, the retailer shall comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

Special Order 777]

BAILEY SCHMITZ CO.

CEILING PRICES AT RETAIL

Statement of considerations. This is an order establishing uniform retail prices issued upon the basis of an application filed by a supplier under section 43 of CPR 7. This section gives a manufacturer or wholesaler the right to apply for uniform retail ceiling prices for certain of his branded articles. This section requires that the articles must customarily have been sold at substantially uniform prices, and the ceiling prices applied for must not raise the general level of prices under CPR 7. The order may, of course, be amended or revoked if further review shows that the requirements of the regulation have not been fully met.

This special order requires each article to be tagged or marked with the retail ceiling price. The supplier must send to each retailer a copy of this special order, as well as a list of ceiling prices for each article or cost line and notice of all amendments. The order requires the supplier to file certain sales reports with OPS.

Retailers will be concerned with sections 1 through 6 of this special order which contain provisions applying to them. The rest of the order is of interest primarily to the applicant.

Order. For the reasons set forth in the statement of considerations and pursuant to section 43 of CPR 7, it is ordered that the following provisions be in effect:

Provisions for retailers—1. What this order does. Sections 1 through 6 apply to you and establish uniform ceiling prices if you sell at retail the articles identified below:

Name and address of applicant: Bailey Schmitz Co., 2107 East Seventh Street, Los Angeles 21, California.

Brand names: "Spring Air."

Articles: Mattresses and box springs.

2. Retail ceiling prices for listed articles. Your ceiling prices for sales at retail of the articles identified above are the retail prices listed in your supplier's application filed with OPS. These prices will be included in a list which will be annexed to the copy of this order which you will receive from your supplier. The list of ceiling prices will be filed with the Federal Register as an appendix to this special order as soon as practicable. These ceiling prices are effective 10 days after you receive this order and the ceiling price list but in no event later than 60 days after the date this order is issued. You shall not sell above these ceiling prices. You may, of course, sell below these prices.

3. Retail ceiling prices for unlisted items. Some or all of the retail ceiling prices in this order are fixed in terms of the cost of the article to you. Whenever you receive one of applicant's branded articles which is in the same category and which has the same net cost as one covered by the list, the ceiling price for such article shall be the same as the ceiling price for the article having that same net cost.

4. Retail ceiling prices affected by amendment to this order. This order may be amended from time to time or it may be revoked. If so, the applicant is required to send you a copy of the revocation or amendment, together with any list of changes or additions in retail ceiling prices. The ceiling prices contained in any such amendment become your ceiling prices.

5. Marking and tagging. This order requires your supplier to pre-ticket his articles by an early date. The label, tag or ticket must be in the following form:

OPS—Sec. 43—CPR 7

Before that date you must mark, tag or post your prices in the manner required by the regulation which applies in the absence of this special order.

With respect to articles the ceiling prices of which are affected by any amendment to this order, the same rules apply except that you must mark or tag such articles as stated above not later than 60 days after the effective date of the amendment.

6. Applicability. This special order establishes your ceiling prices for the articles covered by it regardless of whether you would otherwise price the articles under CPR 7 or any other regulation. It applies to sales in the 48 states and the District of Columbia.

In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Parker Sweeper Company, 91-99 Bechtie Avenue, Springfield, Ohio, has applied to the Office of Price Stabilization for maximum resale prices for retail sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him, including the data and certified conclusions of fact submitted by the applicant, that the retail ceiling prices re-

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the article a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. *Ceiling prices.* The ceiling prices for sales at retail of lawn sweepers sold through wholesalers and retailers and having the brand name(s) "Parkerette" and "Parker" shall be the proposed retail ceiling prices listed by Parker Sweeper Company, 91-99 Bechtie Avenue, Springfield, Ohio, hereinafter referred to as the "applicant" in its application dated September 29, 1951, and filed with the Office of Price Stabilization, Washington 25, D. named in this special order must comply as to each such article with the preticketing requirements of this paragraph within 30 days after the effective date of the amendment. Statement of considerations. This is an order establishing uniform retail prices issued upon the basis of an application filed by a supplier under section 43 of CPR 7. This section gives a manufacturer or wholesaler the right to apply for uniform retail ceiling prices for certain of his branded articles. These prices will be included in a list which will be annexed to the copy of this order which you will receive from your supplier. The list of ceiling prices will be filed with the Federal Register as an appendix to this special order as soon as practicable. These ceiling prices are effective 10 days after you receive this order and the ceiling price list but in no event later than 60 days after the date this order is issued. You shall not sell above these ceiling prices. You may, of course, sell below these prices.

3. *Retail ceiling prices for unlisted items.* Some or all of the retail ceiling prices in this order are fixed in terms of the cost of the article to you. Whenever you receive one of applicant's branded articles which is in the same category and which has the same net cost as one covered by the list, the ceiling price for such article shall be the same as the ceiling price for the article having that same net cost.

4. *Retail ceiling prices affected by amendment to this order.* This order may be amended from time to time or it may be revoked. If so, the applicant is required to send you a copy of the revocation or amendment, together with any list of changes or additions in retail ceiling prices. The ceiling prices contained in any such amendment become your ceiling prices.

5. *Marking and tagging.* This order requires your supplier to pre-ticket his articles by an early date. The label, tag or ticket must be in the following form:

OPS—Sec. 43—CPR 7
Price \$_____

After 90 days from the effective date of this order, unless you receive articles marked or tagged in this form, you must so mark or tag them yourself. Before that date you must mark, tag or post your prices in the manner required by the regulation which applies in the absence of this special order.

With respect to articles the ceiling prices of which are affected by any amendment to this order, the same rules apply except that you must mark or tag such articles as stated above not later than 60 days after the effective date of the amendment.

6. *Applicability.* This special order establishes your ceiling prices for the articles covered by it regardless of whether you would otherwise price the articles under CPR 7 or any other regulation. It applies to sales in the 48 states and the District of Columbia.

Provisions for the applicant—7. Notification to retailers. As the manufacturer or wholesaler to whom this special order is issued, you shall do the following:

(a) *Sending order and list to old customers.* Within 15 days after the effective date of this special order, you shall send a copy of this order, together with a copy of the list referred to in section 8 below to each purchaser for resale to whom, within 2 months immediately prior to the effective date, you had delivered any article covered by this order.

[Ceiling Price Regulation 7, Section 43,
Special Order 786]

GOLD SEAL CO.

CEILING PRICES AT RETAIL AND WHOLESALE

Statement of considerations. In accordance with section 43 of Ceiling Price Regulation 7, the applicant named in the accompanying special order, Gold Seal Company, Bismarck, North Dakota, has applied to the Office of Price Stabilization for maximum resale prices for retail and wholesale sales of certain of its articles. Applicant has submitted the information required under this section and has produced evidence which in the judgment of the Director indicates that the applicant has complied with other stated requirements.

The Director has determined on the basis of information available to him that the retail ceiling prices requested and which are established by this special order are no higher than the level of ceiling prices under Ceiling Price Regulation 7.

The special order contains provisions requiring each article to be marked by the applicant with the retail ceiling price established by the accompanying special order. The applicant and intermediate distributors are required to send purchasers of the articles a copy of this special order, a notice listing retail ceiling prices for each cost line and, in specified cases, of subsequent amendments of this special order.

The special order also requires applicant to file with the Distribution Branch regular reports setting forth the number of units of each article covered by this special order which applicant has delivered during the reporting period. This requirement conforms with the provisions of section 43, Ceiling Price Regulation 7.

Special provisions. For the reasons set forth in the statement of considerations and pursuant to section 43 of Ceiling Price Regulation 7, this special order is hereby issued.

1. *Ceiling prices.* The ceiling prices for sales at retail and wholesale of liquid cleaner sold through retailers and wholesalers and having the brand name(s) "Glass Wax" shall be the proposed retail and wholesale ceiling prices listed by Gold Seal Company, Bismarck, North Dakota hereinafter referred to as the "applicant" in its application dated October 9, 1951 and filed with the Office of Price Stabilization, Washington 25, D. C.

A list of such ceiling prices will be filed by the Office of Price Stabilization with the Federal Register as an appendix to this special order as soon as practicable. On and after the date of receipt of a copy of this special order, with notice of prices annexed, but in no event later than March 13, 1952, no seller at retail or wholesale may offer or sell any article covered by this special order at a price higher than the ceiling price established by this special order. Sales may be made, of course, at less than the ceiling prices.

2. *Marking and tagging.* On and after March 13, 1952, Gold Seal Company must mark each article for which a ceiling price has been established in paragraph 1 of this special order with the retail ceiling price under this special order or attach to the article a label, tag, or ticket stating the retail ceiling price. This mark or statement must be in the following form:

OPS—Sec. 43—CPR 7
Price \$.....

On and after April 17, 1952, no retailer may offer or sell the article unless it is marked or tagged in the form stated above. Prior to April 17, 1952, unless the article is marked or tagged in this form, the retailer shall comply with the marking, tagging and posting provisions of the regulation which would apply in the absence of this special order.

Upon issuance of any amendment to this special order which either adds an article to those already listed in the application or changes the retail ceiling price of a listed article, the applicant named in this special order must comply as to each such article with the pre-ticketing requirements of this paragraph within 60 days after the effective date

of the amendment. After 90 days from the effective date, no retailer may offer or sell the article unless it is ticketed in accordance with the requirements of this paragraph. Prior to the expiration of the 90 day period, unless the article is so ticketed, the retailer must comply with the marking, tagging, and posting provisions of the regulation which would apply in the absence of this special order.

3. *Notification to resellers—(a) Notices to be given by applicant.* (1) After receipt of this special order, a copy of this special order and the notice described below shall be sent by the applicant to each purchaser for resale on or before the date of the first delivery of any article covered in paragraph 1 of this special order.

(2) Within fifteen days after the effective date of this special order, the applicant shall send a copy of this special order and the notice described below to each purchaser for resale to whom within two months immediately prior to the receipt of this special order the applicant had delivered any article covered by paragraph 1 of this special order.

(3) The applicant must notify each purchaser for resale of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described below.

(4) The applicant shall annex to this special order or amendment a notice listing the style or lot number, name, or other description of each item covered by this special order or amendment and its corresponding retail ceiling price and corresponding wholesale ceiling price. The notice shall be in substantially the following form:

(Column 1)	(Column 2)	(Column 3)
Item (style or lot number or other description)	Retailer's ceiling price for articles listed in column 1	Wholesaler's ceiling price for articles listed in column 1
.....	\$.....	\$.....

(5) Within 15 days after the effective date of this special order or any amendment thereto, two copies of the ceiling price notice above described must be filed by the applicant with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C.

(6) The applicant must supply each purchaser for resale other than a retailer with sufficient copies of this special order, amendment and notices to permit such purchasers for resale to comply with the notification requirements of this special order.

(b) *Notices to be given by purchasers for resale (other than retailers).* (1) A copy of this special order, together with the annexed notice of ceiling prices described in subparagraph 3 (a) (4) of this section, shall be sent by each purchaser for resale (other than retailers) to each of his purchasers on or before the date of the first delivery after receipt of a copy of this special order.

(2) Within 15 days of receipt of this special order and the annexed notice, each purchaser for resale (other than retailers) shall send a copy of the order and notice to each of his purchasers to

whom, within two months prior to receipt of this special order, his records indicate he had delivered any article covered by paragraph 1 of this special order.

(3) Each purchaser for resale (other than retailers) must notify each purchaser of any amendment to this special order in the same manner, annexing to the amendment an appropriate notice as described above.

4. *Reports.* Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, the applicant shall file with the Distribution Branch, Consumer Soft Goods Division, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which he has delivered in that 6-month period.

5. *Other regulations affected.* The provisions of this special order establish the ceiling price for sales at retail of the articles covered by it, regardless of whether the retailer is otherwise subject to Ceiling Price Regulation 7 or any other regulation.

6. *Revocation.* This special order or any provisions thereof may be revoked, suspended, or amended by the Director of Price Stabilization at any time.

7. *Applicability.* The provisions of this special order are applicable in the United States and the District of Columbia.

Effective date. This special order shall become effective January 4, 1952.

Director of Price Stabilization.

[Ceiling Price Regulation 7, Section 43,
Special Order 787]

QUALITY MATTRESS CO.
CEILING PRICES AT RETAIL

Statement of considerations. This is an order establishing uniform retail prices issued upon the basis of an application filed by a supplier under section 43 of CPR 7. This section gives a manufacturer or wholesaler the right to apply for uniform retail ceiling prices for certain of his branded articles. This section requires that the articles must customarily have been sold at substantially uniform prices, and the ceiling prices applied for must not raise the general level of prices under CPR 7. The order may, of course, be amended or revoked if further review shows that the requirements of the regulation have not been fully met.

This special order requires each article to be tagged or marked with the retail ceiling price. The supplier must send to each retailer a copy of this special order, as well as a list of ceiling prices for each article or cost line and notice of all amendments. The order requires the supplier to file certain sales reports with OPS.

Retailers will be concerned with sections 1 through 6 of this special order which contain provisions applying to them. The rest of the order is of interest primarily to the applicant.

Order. For the reasons set forth in the statement of considerations and pursuant to section 43 of CPR 7, it is ordered that the following provisions be in effect:

Provisions for retailers—1. What this order does. Sections 1 through 6 apply to you and establish uniform ceiling prices if you sell at retail the articles identified below:

Name and address of applicant: Quality Mattress Co., 116-120 Mill Street, Rochester 4, New York.

Brand names: "Spring Air", "Sound Sleep", "Lancelot", "Certified", and "American Beauty".

Articles: Mattresses and box springs.

2. *Retail ceiling prices for listed articles.* Your ceiling prices for sales at retail of the articles identified above are the retail prices listed in your supplier's application filed with OPS. These prices will be included in a list which will be annexed to the copy of this order which you will receive from your supplier. The list of ceiling prices will be filed with the Federal Register as an appendix to this special order as soon as practicable. These ceiling prices are effective 10 days after you receive this order and the ceiling price list but in no event later than 60 days after the date this order is issued. You shall not sell above these ceiling prices. You may, of course, sell below these prices.

3. *Retail ceiling prices for unlisted items.* Some or all of the retail ceiling prices in this order are fixed in terms of the cost of the article to you. Whenever you receive one of applicant's branded articles which is in the same category and which has the same net cost as one covered by the list, the ceiling price for such article shall be the same as the ceiling price for the article having that same net cost.

4. *Retail ceiling prices affected by amendment to this order.* This order may be amended from time to time or it may be revoked. If so, the applicant is required to send you a copy of the revocation or amendment, together with any list of changes or additions in retail ceiling prices. The ceiling prices contained in any such amendment become your ceiling prices.

5. *Marking and tagging.* This order requires your supplier to pre-ticket his articles by an early date. The label, tag or ticket must be in the following form:

OPS—Sec. 43—CPR 7
Price \$-----

After 90 days from the effective date of this order, unless you receive articles marked or tagged in this form, you must so mark or tag them yourself. Before that date you must mark, tag or post your prices in the manner required by the regulation which applies in the absence of this special order.

With respect to articles the ceiling prices of which are affected by any amendment to this order, the same rules apply except that you must mark or tag such articles as stated above not later

than 60 days after the effective date of the amendment.

6. *Applicability.* This special order establishes your ceiling prices for the articles covered by it regardless of whether you would otherwise price the articles under CPR 7 or any other regulation. It applies to sales in the 48 states and the District of Columbia.

Provisions for the applicant—7. Notification to retailers. As the manufacturer or wholesaler to whom this special order is issued, you shall do the following:

(a) *Sending order and list to old customers.* Within 15 days after the effective date of this special order, you shall send a copy of this order, together with a copy of the list referred to in section 8 below to each purchaser for resale to whom, within 2 months immediately prior to the effective date, you had delivered any article covered by this order.

(b) *Notification to new customers.* A copy of this special order and the list shall be sent to all other purchasers for resale on or before the date of the first delivery of any article covered by this order.

(c) *Notification with respect to amendments.* Within 15 days after the effective date of any subsequent amendment to this order, you shall send a copy of the amendment to each purchaser to whom, within 2 months immediately prior to the effective date of such amendment, you had delivered any article included in such amendment. Within 15 days after any amendment, the amendment shall also be included with the notification to new customers.

OPS—Sec. 43—CPR 7
Price \$-----

Instead of marking the article you may attach a label, tag or ticket containing the same information.

10. *Sales volume reports.* Within 45 days of the expiration of the first 6-month period following the effective date of this special order and within 45 days of the expiration of each successive 6-month period, you shall file with the Distribution Branch, Office of Price Stabilization, Washington 25, D. C., a report setting forth the number of units of each article covered by this special order which you have delivered in that 6-month period.
